Core Group: Supply Chain / Logistics Internships (2026 / 2027) Latest Job Opening

Description

Core Group is seeking a dynamic and motivated Supply Chain/Logistics Intern to join our team. This internship offers an excellent opportunity for individuals looking to gain hands-on experience in the fast-paced world of supply chain management and logistics. Under the guidance of experienced professionals, the intern will have the chance to contribute to real projects and initiatives while learning about various aspects of the supply chain industry.

Responsibilities

- **Assist in Supply Chain Operations:** Support the day-to-day operations of the supply chain, including inventory management, demand forecasting, and order fulfillment processes.
- **Data Analysis:** Analyze supply chain data to identify trends, inefficiencies, and areas for improvement. Generate reports and provide insights to support decision-making.
- **Logistics Coordination:** Collaborate with logistics teams to coordinate transportation, distribution, and warehousing activities. Ensure timely and cost-effective delivery of goods to customers.
- **Process Optimization:** Participate in initiatives to streamline supply chain processes, reduce costs, and enhance overall efficiency. Propose innovative solutions to overcome challenges and improve performance.
- **Supplier Relationship Management:** Assist in managing relationships with suppliers and vendors. Monitor supplier performance, resolve issues, and identify opportunities for collaboration and improvement.
- **Cross-functional Collaboration:** Work closely with other departments, including procurement, manufacturing, and customer service, to ensure alignment and coordination across the supply chain.
- **Research and Development:** Stay updated on industry trends, best practices, and emerging technologies in supply chain management and logistics. Contribute ideas and insights to support continuous improvement efforts.

Qualifications

- Currently enrolled in a Bachelor's or Master's degree program in Supply Chain Management, Logistics, Business Administration, or a related field.
- Strong analytical skills with the ability to interpret data and draw actionable conclusions.
- Excellent communication and interpersonal skills.
- Proficiency in Microsoft Excel and other relevant software applications.
- Detail-oriented with a proactive and collaborative approach to work.
- Ability to prioritize tasks, manage time effectively, and meet deadlines.
- Previous experience or coursework in supply chain management or logistics is a plus.
