SAP: Legal content Technology Internships 2026/27 Apply Now

Description

SAP is offering a dynamic internship opportunity in the Legal department focused on Content Technology. This internship presents an exciting chance to gain hands-on experience in a multinational corporation, working alongside legal professionals and technology experts.

Responsibilities

- **Content Management:** Assist in managing legal content repositories and databases, ensuring accuracy, accessibility, and compliance with relevant standards.
- **Technology Integration:** Collaborate with cross-functional teams to integrate legal content into various technology platforms, ensuring seamless access and usability.
- **Research and Analysis:** Conduct research on emerging technologies and their applicability to legal content management, presenting findings and recommendations.
- **Documentation and Support:** Assist in drafting procedural documentation, manuals, and user guides for legal content technology tools. Provide support to end-users as needed.

Qualifications

- Pursuing a degree in Law, Information Technology, Computer Science, or a related field.
- Familiarity with content management systems (CMS), document repositories, or legal tech solutions is a plus.
- Strong analytical skills with an eye for detail and accuracy.
- Excellent communication and interpersonal abilities.
- Proactive attitude and a willingness to learn in a fast-paced environment.

Job Benefits

- Valuable hands-on experience in legal content management within a global technology company.
- Exposure to cutting-edge technologies and their integration into legal processes.
- Mentorship and guidance from experienced professionals in the field.
- Networking opportunities within SAP's diverse workforce.

Contacts

- Interested candidates should submit a resume and cover letter detailing their interest and qualifications for the position.
- Selected candidates will be contacted for interviews.
